## Insurance Comparison

There are two parts to this worksheet. The first consists of questions that an insurance company may ask you. The second is a worksheet of key elements to consider when comparing insurance quotes.

| Insurance Questions:  | Your Answers |
|---|--------------|
| How many years have you been insured?   |              |
| For how many years have you maintained a clean driving record?  |              |
| Will you be using your car for business or pleasure?  |              |
| Do you live and drive outside a major urban centre?   |              |
| Does the car you're considering come with safety and security features that decrease the chances of injury or theft? (If yes, list them.) |              |
| Are you willing to set a higher deductible on collision and comprehensive coverage?   |              |

| Quote Comparison                        |         |         |         |
|---|---------|---------|---------|
| Feature                                 | Quote 1 | Quote 2 | Quote 3 |
| Company name                            |         |         |         |
| Quote: \$                               |         |         |         |
| Payment terms:                          |         |         |         |
| Broker/direct?                          |         |         |         |
| Officially recognized in your province? |         |         |         |
| Years in business:                      |         |         |         |
| Claims service hours:                   |         |         |         |
| Reputation for settlements:             |         |         |         |
| BBB check:                              |         |         |         |
| Other considerations:                   |         |         |         |
